

# SIDE HELD CARRY HANDLES

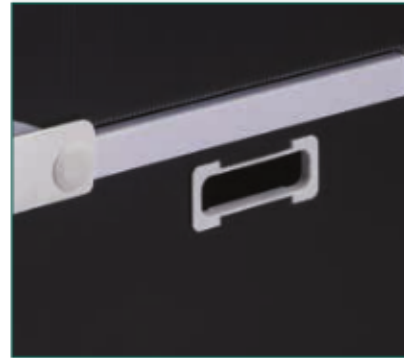

## Sidewinder

- Carrying capacity up to 75kg
- For die-cut containers or use our hand-held cutter/insertor
- Available in all-natural fibres for caskets
- Handle length 150mm or to your specification
- Reusable, recyclable, exceptionally strong
- The best option for palletised cartons

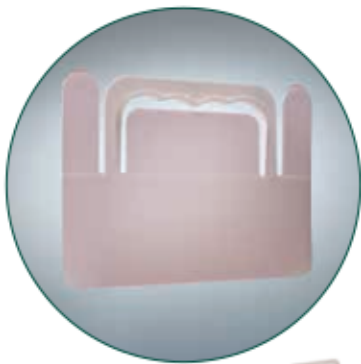

## Hand-hold HHP1

- One-piece hand-hold protector
- Reinforces sidewalls and prevents carton damage
- Protects handles
- Works with all material thicknesses up to 8mm

## Limpet

- Carrying capacity up to 25kg per pair
- Self-adhesive application
- Excellent adhesion to multiple material types

## Hand-hold HHP2

- Two-piece hand-hold protector
- Material thickness up to 7mm
- Protects hands from sharp edges
- Reinforces sidewalls and prevents carton damage
